A dragon flies away with his wings. He flies in my house and then he goes to sleep and then he goes outside.

The spider spins a web, the black spider, a little spider.

Yesterday I went for a walk with my sister and we saw a little spider and a dog.

"Sssssss" said the snake and then it climbed up on the spider's nose. "Ribbit, ribbit, ribbit" said the frog and then it jumped down in the pond. "Gggrrrrrrrr" said the dinosaur

My teacher gave me this present. So I opened the present and I found a key - a magical key. With the key, I opened a door ... a door to a house ... there was a princess cartoon inside

and Popeye and Spiderman. These are my favourite cartoons - I have loads of cartoons.

I went to Tesco with my dad and he bought them for me. I show my sister all the characters and then I started playing with all the cartoon characters and we were laughing and giggling - playing with the characters - they were joking with me and making me laugh. And then we all danced together - we put our hands together and danced. I've been copying the cartoon dancing and dancing with them. And then they say - the cartoons - "Time is up and we'd better be leaving" and then they walk off.

And my dad was sleeping upstairs and when he came down I told him everything and then I danced with him with my hands together.

Athika

I went to the shop - the big Tesco shop. My father and my sister went to buy some cartoons for me for my birthday. I chose a cartoon - Spiderman - and Popeye. My sister chose a cartoon - a princess. "Dad, are we going to Tamby's house?" My dad said "Yes" and I said "Yeahhh. I'm really happy".

Then I went to Tamby's house and I started playing with her. We played with a magic stick and when Tamby used the magic stick - when she went "Hey" - my dress turned into a princess dress ... and suddenly, to my surprise, I looked to my dress and it changed to a princess dress. "I can't believe you made me a princess."

I go to my sister, "Hurry downstairs and tell mum - Tamby has made me into a princess". And then my mum came upstairs, "Don't worry! Everything is fine. Dance with Tamby, dance like a princess." While Tamby was dancing, she magically turned into a princess. She dances with her dress with her hands together. We were dancing and dancing and then Tamby's mum and my mum were looking at our dancing. And then we played hide and seek and my mum and dad couldn't find me and then I went downstairs.

The egg looks like something black - it got a green leaves and a pink leaves on. If the egg could open there might be a lizard inside. I think the lizard would jump off. I think he would go out the window. I think he would a smash a window.

The people would say "Go out, lizard". They would be sad

because he smashed the window. The lizard ran away - I think he ran off in the garden - he

didn't meet anybody, there was nobody in the garden. He slided down the slide.

The slithery snake - I think he slithered off out of the window.

It's like a giraffe and his legs look like a stick - a scarecrow standing on sticks wearing a hat with a red bobble on.

The snake has wrapped the nest and the eggs are get squashed and the cat came up the elephant to see what's happening. And when
